

SILENT 100 *Design*

Ultra Quiet WC & Bathroom Fans

New

Range of 100mm domestic axial extract fans for wall or ceiling installations, designed to solve ventilation problems in utility rooms and bathrooms. Fitted with motors mounted on silent elastic blocks, the fans deliver incredibly silent running and exceptional performance with stylish features.

Features

- Sealed for life ball bearings
- Silent elastic blocks
- Numerous quality features
- IP45 rated
- Backdraught shutters and airflow guide vanes as standard
- Standard thermal overload protection
- Available in silver

Benefits

- Elegant design
- Incredibly silent running
- High performance
- Significant energy savings
- Complies with building regulations
- Five year guarantee

Optional Features

Adjustable Timer

After disconnection, the shut off time can be delayed between 1 and 30 minutes.

Pullcord

Supplied with pullcord override.

Adjustable Humidity Sensor

The level of humidity for the bathroom can be chosen from between 60 and 90% RH. The extract fan will continue to work long enough to reach the selected level.

Silver Finish

Models which are available in a silver finish. For silver models, please add an S to the end of the order code.

SILENT technology just got even more appealing

Incorporating patented silent technology, the SILENT 100 Design fan brings style and elegance to any modern bathroom.

With whisper-quiet noise levels of only 26.5 dB(A) and an incredibly low power consumption of only 8 Watts, the SILENT 100 Design is the perfect solution for today's energy-efficient demands.

Highly versatile, the fan is suitable for wall and ceiling installations and is available with timer and humidity sensor options. The fans are supplied with four coloured interchangeable front panel trims.

Technical Specifications

Product

The SILENT 100 Design is an innovative domestic axial extract fan designed to offer a low level of noise supplied in a 230V format suitable for small rooms and bathrooms. The fan is fitted with a neon light, backdraught shutter and airflow guide vanes as standard. The fans are supplied with four coloured interchangeable front panel trims.

Applications

The SILENT 100 Design can be wall or ceiling mounted to meet the Building Regulations - Part F (England), Scottish Building Regulations Section 3 and Part K (Northern Ireland). The fan will ventilate domestic small rooms and bathrooms.
